

## Wavy cloud Poem

Rough dark clouds in the sky  
Look pretty scary I can't deny

Curves like a wave  
That's what everyone says

One, two, three, four  
I can't get cold anymore

Five, six, seven ,eight  
The suns not coming out today

Blue, grey ,blue ,grey  
Times up it's going to rain

Every time I look in the sky  
Time always goes by

It's cold it's cold  
I can not do it i can not hold
